

# Now Enrolling High School Grades!

We're thrilled to announce that Plato Academy Tampa is expanding to include High School grade levels! Building upon our tradition of academic excellence in K-8 education, we're excited to introduce an advanced curriculum and dual enrollment opportunities for our students.

## What's New?

High School Grades: Starting the 24-25 school year we're adding 9th grade and will expand through 12th grade by the 2027-2028 school year, providing a seamless educational journey for our students from Kindergarten through graduation.

## Focus on Success

Whether students aspire to attend top colleges and universities or pursue other paths after graduation, we equip them with the knowledge, skills, and confidence to achieve their goals and excel in whatever they choose to pursue.

## **Advanced Curriculum**

Our high school program will continue to offer an enriched and challenging curriculum, designed to prepare students for college and beyond. With a focus on critical thinking, problem-solving, and interdisciplinary learning, students will delve deeper into subjects and explore advanced topics and programs.

## **Dual Enrollment Opportunities**

At Plato Collegiate Academy Tampa, students will have the chance to earn college credits while still in high school through our dual enrollment program. **Partnering with colleges and universities, students can take courses that count towards both high school graduation requirements and college degrees, giving them a head start on their higher education journey.**

## **Extracurricular Activities**

In addition to academics, we believe in providing a well-rounded education. Our High School will offer a variety of extracurricular activities, including sports, clubs, and community service opportunities, allowing students to explore their interests and develop leadership skills outside the classroom.
